The stage is all set for the County  
Meet, and by the time this rag o'  
freedom reaches its readers our town  
will be filled with visitors. Teachers,  
pupils and their friends from all  
over the county will be here—and  
right welcome are they all! Else-  
where we reproduce the official pro-  
gram, and if you don't find what  
you want while here complain to the  
two handsome gentlemen whose fea-  
tures adorn either side of the pro-  
gram. They are big enough to stand  
your kicks, and generous 'enough  
to forget 'em—after it is over! Have  
a good time while you are here—  
and help the kiddies all to have a  
good time.

Carter & Bader, Ford dealers,  
made the following deliveries the  
past week: Aug. J. Leinweber and  
Arthur Grell, Hondo, Touring cars;  
Holloway Bros. and O. H. Miller,

Laylor Saathoff of Quihi was a  
business caller at this office Satur-  
day and sent the Anvil Herald to  
his brother, Norvell Saathoff, in San  
Antonio, where he has a position as  
bookkeeper. Norvell recently grad-  
uated from a business college in that  
city.

Judge M. Schorobiny was a busi-  
ness visitor to Hondo Thursday. The  
Judge, as usual, has his weather-  
eye on the political situation and  
its a ten to one shot he will locate  
the main chance as quick as the next  
one.

W. R. Routt was a business caller  
at this office Monday and moved  
his dates ahead to 1925. Mr. Routt  
says this is a busy time for the far-  
mers, and most of them are delayed  
in planting their crops.

The paper is gotten out a little  
early and in more or less of a rush  
in order that the printer folks will  
have time to say howdy-do to folks  
coming to the School Meet. Come

Wallace Heath now goes by the  
name of "Tex" Heath among his  
associates in New York. The presi-  
dent of Wallace's company recently  
left on a visit to Europe and before  
going was tendered a banquet by  
the employees of the company at  
the Hotel Commodore, New York  
City. In the list of names of the  
employees appears the name of "Tex"  
Heath, being the only one of the  
great number of those connected  
with the company hailing from Texas.  
Wallace is a fine specimen of young  
manhood, both mentally and physi-  
cally, and is a fitting advertisement  
for his native State.

Hugo Schweers and family moved  
to Somerset last week where Mr.  
Schweers has employment with one  
of the oil companies. The Anvil  
Herald wishes them prosperity and  
happiness in their new location.

Prof. R. C. Donaho, the newly  
elected Superintendent of Hondo's  
schools, was here Wednesday from  
Lytle arranging for a house to move  
into. He was accompanied by his  
brother on his visit here.

F. G. Muennink left on the after-  
noon train Tuesday for Eagle Pass,  
where he went to help some Mexi-  
can friends out of some minor  
trouble with the immigration authori-  
ties.

Mrs. Richard Schwarz and daugh-  
ter, Miss Lizzie, came out from San  
Antonio Saturday and spent a few  
hours here on business.

## 100 Hour Non-Stop Run

WAS FINISHED SATURDAY AFTERNOON AT TWO O'CLOCK  
ON THE COURT HOUSE SQUARE AT MARSHALL, TEXAS.

The little car went through this grilling test without evidence of  
any wear or injury. Experienced automobile men declare the motor  
was running as perfectly as on Tuesday morning at 10 o'clock when  
the test began. One man remarked that, from all indications it  
would have run 100 YEARS INSTEAD OF 100 HOURS.

THE FOLLOWING ARE RESULTS OF THE TEST.

Time	100 hours without a stop of the motor
Mileage	2346 Miles
Average Miles per Hour	23.4
Total Gasoline Consumption	72 Gallons
Average Miles per Gallon of Gas	32 2-3
Oil Consumption	4 Quarts
Approximate Number of Revolutions made by Motor	5,542,381
Without a Stop	NONE
Water Used in Radiator	NONE
(Mercury in Motometer never above summer average during entire run)	
Tire Changes	1, due to Slow Leak

(Tires Show Little Evidence of Wear)

During the 100-hour run the car was driven by the following men:  
Frank Granberry, Lawrence Brown, George Hutchins, H. W. Oviatt,  
Joe C. Gorman, C. Williford, Festus Williford, Albert Johnson, S.  
E. Wood, Jr.

NOTE:—Nine different men drove car during run.

OBJECT OF DEMONSTRATION.

Numerous questions have been asked during the period of this  
test concerning the object of this demonstration. Few people  
seem to realize what a remarkable test of endurance and reliability  
this actually is. Do you know that the longest similar endurance  
test on record was for 116 hours and was made by a car which sells  
for more than \$8,000.00? Do you realize that a single failure to  
properly function of the oil pump, the water pump, or the slightest  
ignition or carburetor trouble would have ended this test instantly?  
Do you know that this little car has traveled more than the distance  
from here to California without a single motor stop at an average  
speed of 23 1/2 miles per hour? Not a single part of the car has even  
been oiled or lubricated (except the motor) during this entire run.  
Not a single adjustment or repair was made of any nature. THE  
CHEVROLET SUPERIOR TOURING CAR NOW SELLS FOR  
\$588.00 DELIVERED IN HONDO. Could we offer more substantial  
proof of the superior quality of this Wonderful Little Car?

Hondo base ball fans witnessed two dandy games her last Sunday when the Eagle Pass Tigers crossed bats with the Hondo Aztecs on the local diamond. The first game, played at 10:00 A. M. resulted in a score of 3 to 1 in favor of the Aztecs, while the score of the second game was 5 to 3 also in favor of the locals. The games were duels between the pitchers of the contending teams, Dominguez for the locals allowing but two hits in the morning game, while Sanchez allowed the visitors but four hits in the afternoon game. Manager Barrientes of the locals says the Tigers have a strong team but as they were somewhat fatigued by the long trip and want of sleep kept them from putting up the game of which they were capable. The game was advertised for the Fair Grounds Park but was played at the De Montel Park, consequently the attendance was not as large as it possibly would have been. The Aztecs are scheduled to play a return engagement with the Tigers on the Eagle Pass diamond April 27th.

Dr. H. O. Long, Eye, Ear, Nose and Throat Specialist, from San Antonio will be in Hondo at the Armstrong Hotel on Saturdays instead of Wednesdays. ## WITH THE DRILLERS.

The most important event happening in the oil situation the past week was the spudding in of Ina No. 3,—the first of the four wells this company recently contracted for. This new well is situated about one-quarter of a mile from Ina's No. 1 and 2, but on the west side of the Hondo. It is estimated by the drillers that this well will be completed and turned over to the company in about twenty days, when No. 4 will be spudded, and so on until the drillers have completed the contracts for the four new wells. No. 4 will be drilled north of No. 3, after the completion of which it is our understanding the drill will be switched to the east side of the Hondo, north of Ina's Nos. 1 and 2. Manager Brown says the idea is to drill a circle around the discovery wells to locate definitely the trend of the pool, the drilling by other companies on the South to demonstrate that territory. O'Brien No. 1 was still bailing at last reports but it is probable it will go on the pump as soon as arrangements can be perfected. Illness in the family of the promoter has made

his presence at the well impossible which has delayed matters somewhat. Oil men estimate O'Brien No. 1 a fifty barrel affair at 900 feet is possible this well will be deeper. It is also the purpose of O'Brien Management to spud No. 2, and possibly No. 3, in the immediate future.

Leasing is becoming more frequent daily and the big companies are leasing for acreage and as a result are rapidly advancing. A great leasing campaign is one of the necessities of the immediate future; the year 1924 will witness a great oil field opened up in Texas.

138th Dividend.

OCCULT INJECTED INTO OIL

DRIVE.

Interest in the oil game is red

hot in this county, nearly everybody

is talking oil. The Anvil Herald is

receiving letters from all over the

country inquiring of prospective

operations. It's a study of human

nature just to observe the point of

contact at which different people ap-

proach the subject. Some base their

conclusions altogether on the re-

search of the geologists. Some

would not give a nickel for anything

the geologists do not put out or

indorse; others base their conclu-

sions on community traditions of

wells in which oil has been found.

Now an element of the occult is in-

jected into the discussion. A few

days ago a South Medina Co. farmer

told about a Gypsy fortune teller

who told him years ago that some-

thing would be found under the soil

of his farm that would make him

rich. He is certain it will be oil.

A lady told about having her for-

tune told during the civil war when

she was a child, and of the promise

being made her that she would die

wealthy. She expects to garner

wealth from a Medina County oil

field.

Now comes another and tells of

a dream that came to him for three

nights in succession in which he saw

a pool of oil as black as ink. He

thinks the dream is about to come

to pass.

Well it takes all kinds of people

to make a world, and it takes all

kinds to develop an oil field. Maybe

the geologists, the dreamers and the

soothsayers are all right. One man

told the Anvil Herald that he was 52

years old; the oil boom made him

feel like he was a youth of 25. It

is said that a man living near Biry,

who has always been lean and scraw-

ny of stature is putting on fat day

by day, and becoming a robust phys-

ical specimen, all because of the

oil boom.

Naturally, as the result of the

feeling of expectancy and the closing

of contracts for several wells in ad-

dition to those already drilling, the

price of leases continue to increase.

Mr. Brown, of the Ina Oil Co., states

that his company has closed contracts

for five wells with the Rydall Cor-

poration (Trinity Drillers.) Doesn't

that name sound familiar? It will

occur to Anvil Herald readers that

they must have heard that name

before, and they have, for if you

will run over the oil news from the

Luling field you will note that they

are very extensive operators in

that field; also other fields border-

ing the Balcones fault. What do

they mean? Are they hunting fish

bait, or do they just have so much

money that they must get rid of a

lot of it?

Sit Steady in the Boat.

Don't rock the boat. The Anvil

Herald has seen and observed things

that it hasn't yet got in definite

shape. Just set steady and in due

course of time the fog and mist will

clear away and the hot dope will be

furnished you.

The Anvil Herald is on the job

every week, and it is going to stay

on it, and do every little thing it can

to see that its readers get reliable

information on all news of the oil

fields development. It expects at

an early date to be able to give out

some inside information. The oil

men are working quietly, but the

Anvil Herald has a quick ear and

it always gets the information as

the game proceeds along the trail.

So just watch the Anvil Herald for

the oil news.

### Pain In Back & Sides

"FOR A LONG TIME," says Mrs. Dora Payne, of Huntington, Tenn., "I felt listless, tired and worn-out. I did not feel like doing my work, visiting or anything."

"I suffered much pain in my back and sides. My limbs hurt, my knees would tremble without apparent cause and I would have to sit down."

"I was very nervous. ... I would have a tired, dull headache."

"I had read so much about Cardui I asked my husband

to get it for me. The very first bottle seemed to help me. After the second... I was better than I had been in months. I certainly can praise Cardui."

"I have taken three bottles. Now I hardly wait when the sun shines to 'go garden.' I am feeling fine."

Similar results to those described above have been reported by thousands of other women. Cardui's 40 years of success should encourage you to give it a thorough trial for the relief of any common female ailments.

### QUIHI NOTES.

Next Sunday no divine service will be held in Bethlehem Lutheran church as Rev. Hasskari will be absent; he will preach at Giddings Dime Box.

Sunday School will begin next Sunday at Bethlehem Lutheran church at 9 A. M. All parents are kindly requested to send their boys and

girls overflowing and appreciative of the service gathered at the Quibi Lutheran church last Sunday night for the Luther League program. A program of fifteen numbers was given, a treat to all who were present. Mrs. Henry Schuehle presided at the organ. All numbers, very musical and devotional, were rendered most excellently and needed the fact that with a little more effort and patience the young people of this community can render a program which reflects on them and their homes credit and honor. Next program will be given April

next Sunday night the Quibi Lutheran League held its regular business meeting. Miss Borchers and Mr. Alf. Oefinger were received into the League's membership. By vote it was agreed to have a "Forget-me-not" as a memento upon their entrance into the League. The following were elected members of the next program: Select readings, Messrs. ## THE SAUZ PACK KILLS 19 WOLVES.

On Monday of this week the Sauz pack killed the 19th wolf of this season. This same pack killed 35 wolves in the past two seasons.

Some of the wolves killed were brave chasing back other dogs, but when the Sauz pack dropped in they made headway for an hour or two, and then had to prepare for a fight which lasted but a short time and there was another dead wolf.

The pack consists of nine dogs belonging to Messrs. Paul Mechler, Emil Bippert, Jr., and Raymond Tschirhart.
